## POWER PLUS SYSTEM

The Power Plus system permits automatic adjustment of the support to your neck and lumbar region, allowing you to read or watch TV even when fully reclined. The Power Plus system is the next step of evolution of total seating comfort. Available on style in a wide range of style, design, texture and colours. The Power Plus system offers the ultimate and personalised in seating comfort.

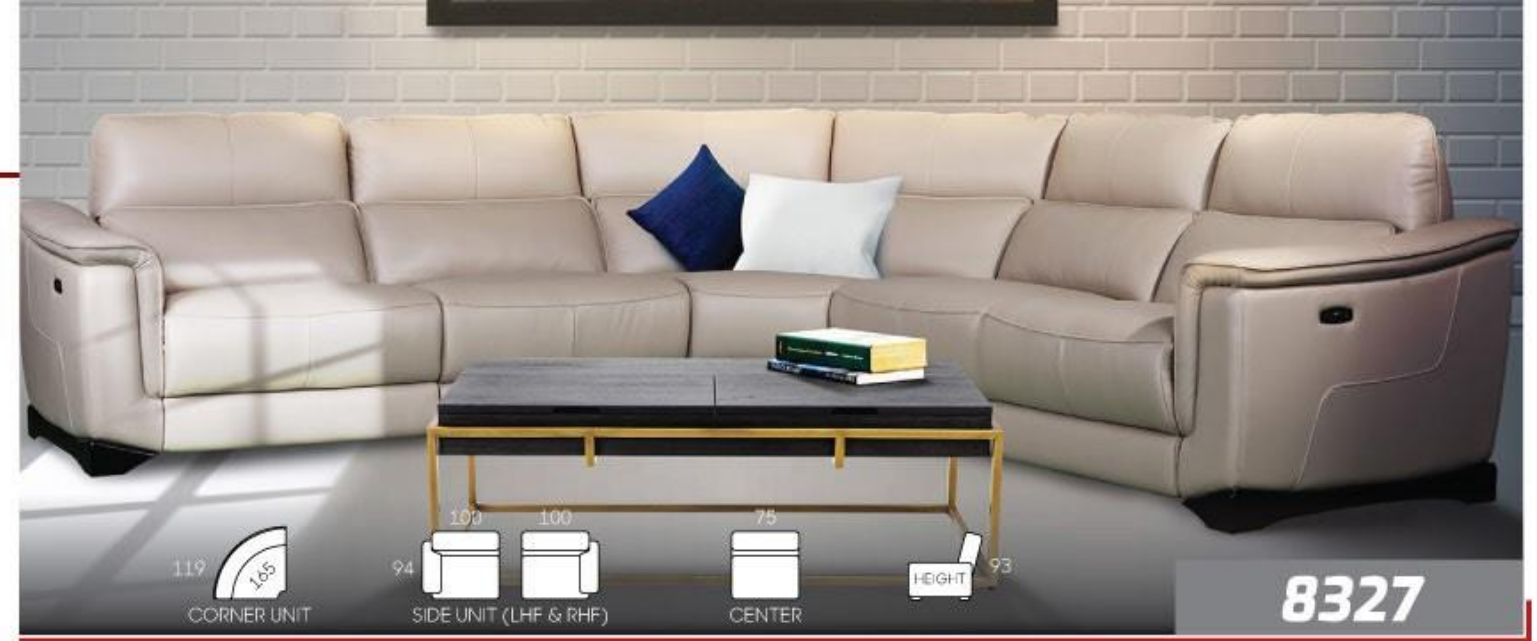

With our new control panel, it comes with an easy access toggle switch with a built in USB charging port for convenient access for your phone, tablets and other compatible devices. The new control also comes with a home button which offers a one touch return to close position.

The Power Plus system offers full adjustability for ultimate head and neck comfort. The powerful headrest is centred in the middle of the headrest to give maximum strength and efficiency, offering a smooth and consistent lift and return action.

Not forgetting the Power Lumbar support, you can adjust your desire comfort with a push of a button to give you the extra boost on your lower back.

Our Power Plus system is available on a variety of recliner, loveseat, sofa, modular or lift chair style. Customised your comfort with the Power Plus system and experience the many quality of ultimate comfort reclining.

Design for comfort. Made to last.
